WHO ARE WE?

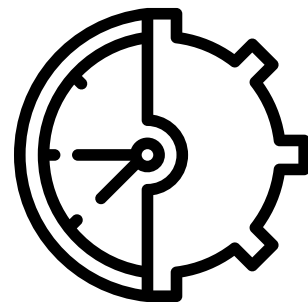

We are E-Jays Project Limited, a vibrant and forward-thinking company where creativity and construction come together to shape a brighter future.

At E-Jays Project Limited, we are dedicated to delivering innovative solutions across a spectrum of services that include:

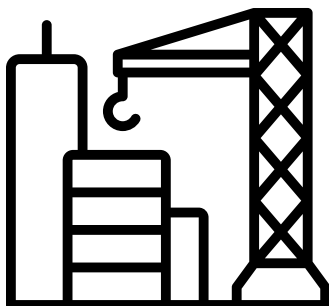

Creative Design Solutions

Our visionary team transforms ideas into inspiring, functional spaces that captivate the imagination.

Project Management

We meticulously plan, execute, and oversee projects, ensuring they align with your objectives and are completed efficiently.

Structural Engineering

Our engineers employ cutting-edge technology and expertise to ensure the structural integrity and safety of every project.

Consultancy

We offer insightful advice and guidance, leveraging our industry knowledge and expertise to empower your decision-making.

Construction

Our skilled craftsmen bring designs to life with precision and craftsmanship, delivering exceptional construction services.

Our drive is complemented by a commitment to quality, integrity, and client satisfaction. Every project, regardless of scale or complexity, represents an opportunity to make a meaningful impact. We understand that your dreams and visions deserve nothing less than our best.

We have embarked on a journey of collaboration and innovation, building a diverse portfolio of projects across various industries. We invite you to explore the endless possibilities that await when you partner with E-Jays Project Limited. At E-Jays Project Limited, we're more than just a construction company; we're a creative force, a collaborative partner, and a team passionate about turning your ideas into reality. Join us as we shape the future of design, engineering, and construction.

**Welcome to the beginning of something extraordinary.
Welcome to E-Jays Project Limited.**

CORE VALUES AND CULTURE

1. Innovation: At E-Jays Project Limited, innovation is the cornerstone of our culture. We foster an environment where creativity thrives, encouraging our team to think outside the box and push the boundaries of what's possible. We believe that innovation is the key to solving complex challenges and delivering exceptional results.

2. Quality: We are unwavering in our commitment to delivering the highest quality in everything we do. Quality is not just a goal; it's a standard that permeates our work, from the initial design concept to the final construction phase. We believe that excellence is non-negotiable.

3. Integrity: Integrity is the foundation of our relationships—with clients, partners, and within our team. We operate with transparency, honesty, and ethical conduct in all our interactions. Our clients trust us because they know we do what we say we'll do.

4. Collaboration: We believe that the best outcomes are achieved through collaboration. We value open communication and teamwork, both internally and with our clients. Our collaborative approach ensures that all stakeholders are aligned and working toward a common goal.

5. Client-Centric: Our clients are at the heart of everything we do. We take the time to understand their needs, goals, and aspirations. Our client-centric approach allows us to tailor our services to meet their unique requirements and exceed their expectations.

COMPETITIVE ADVANTAGES

1. Integrated Services: One of our key competitive advantages is our ability to offer a comprehensive suite of services under one roof. From creative design to engineering, construction, and consultancy, we provide end-to-end solutions that streamline projects and reduce complexity for our clients.

2. Innovation Hub: We take pride in our status as an innovation hub within the industry. Our commitment to staying at the forefront of design, construction, and engineering trends ensures that our clients benefit from the latest advancements and best practices.

3. Client-Centric Approach: Our dedication to understanding our clients' visions and goals sets us apart. We tailor our services to meet their unique needs and provide personalized solutions that result in successful, long-term partnerships.

4. Quality Assurance: Our rigorous quality control and assurance processes are a competitive advantage. We consistently deliver projects that meet or exceed industry standards, ensuring safety, durability, and client satisfaction.

5. Environmental Sustainability: We place a strong emphasis on sustainability in our projects. Our expertise in green building practices and sustainable design sets us apart as a company that is committed to minimizing its environmental footprint.

6. Skilled Team: Our team comprises highly skilled professionals who are experts in their respective fields. Their expertise, dedication, and passion for what they do are a driving force behind our success.

DRAINAGE CONSTRUCTION (LOCATION- SATELLITE TOWN, CALABAR)

RENOVATION PROJECT IN SATELLITE TOWN, CALABAR

Transforming ordinary homes into masterpieces.

RESIDENTIAL INTERIOR PROJECT, CALABAR

Before

After

Transforming a minimalist space into a stylish haven, this bedroom design showcases the power of clean lines and natural textures to create a serene and inviting atmosphere.

Before

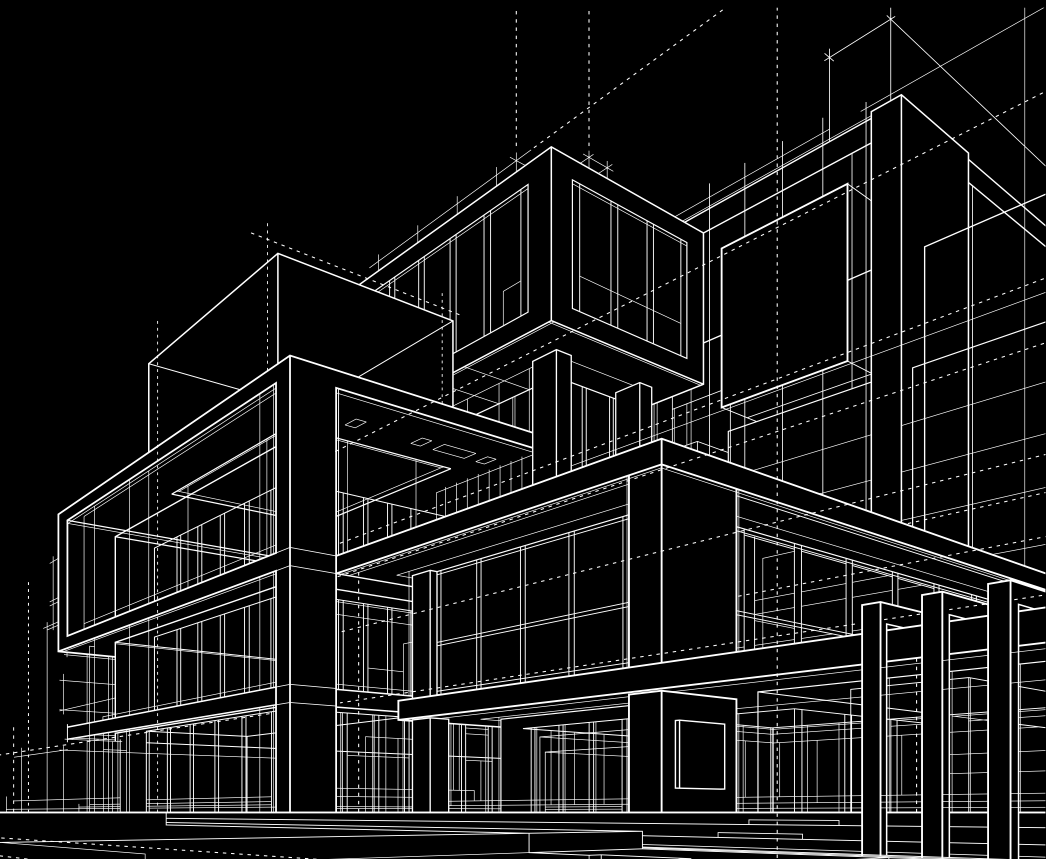

After

This serene bedroom, featuring a calming neutral palette and a touch of artistic flair, is a testament to our ability to create tranquil spaces that promote relaxation and rejuvenation

OUR DESIGN CONCEPTS

RESIDENTIAL DEVELOPMENT PROJECT IN SATELLITE TOWN, CALABAR.

The design concept for this residential building, located in Satellite Town, Calabar, is “Modern Simplicity.” We focus on clean lines, minimalistic aesthetics, and functionality. Natural light floods the interior through strategically placed windows, creating an airy and inviting atmosphere.

VOGUE, UYO

This commercial building embodies a fusion of culinary excellence, vibrant nightlife, and leisurely outdoor experiences. The architecture seamlessly integrates a restaurant on the ground floor, a pulsating night club on the upper level, an expansive outdoor sitout, and a refreshing pool area.

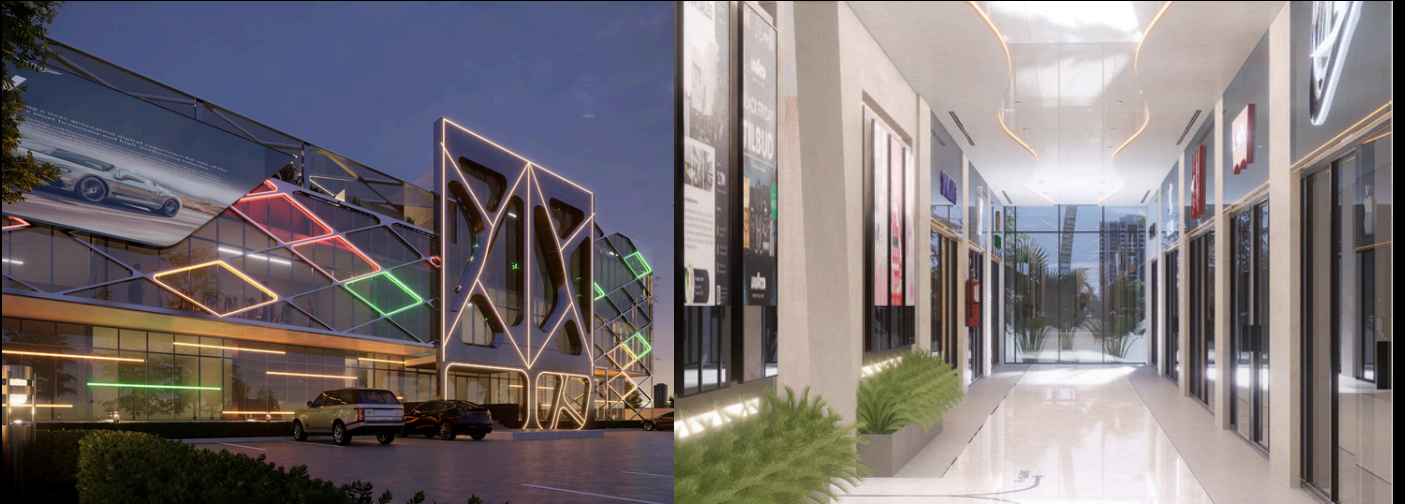

VOGUE, LAGOS

Nestled in the heart of Lagos, a structure stands tall, a testament to innovative design and functional elegance. This mixed-use gem, gracing the cityscape with four distinct floors, is a harmonious blend of commerce and leisure. The ground floor boasts stylish shops, followed by a tranquil spa on the second. The third floor houses modern offices, and the rooftop crowns the structure with a gourmet restaurant and terrace

VOGUE, LAGOS

A SATELLITE TOWN PROJECT, CALABAR

In this innovative architectural venture, the focus was on achieving a harmonious blend of modern aesthetics and functional living. The brief called for a housing complex that accommodated diverse lifestyles, offering 2 units of sophisticated one-bedroom apartments, 2 units of spacious two-bedroom residences, and a chic studio apartment.

VOGUE, UYO

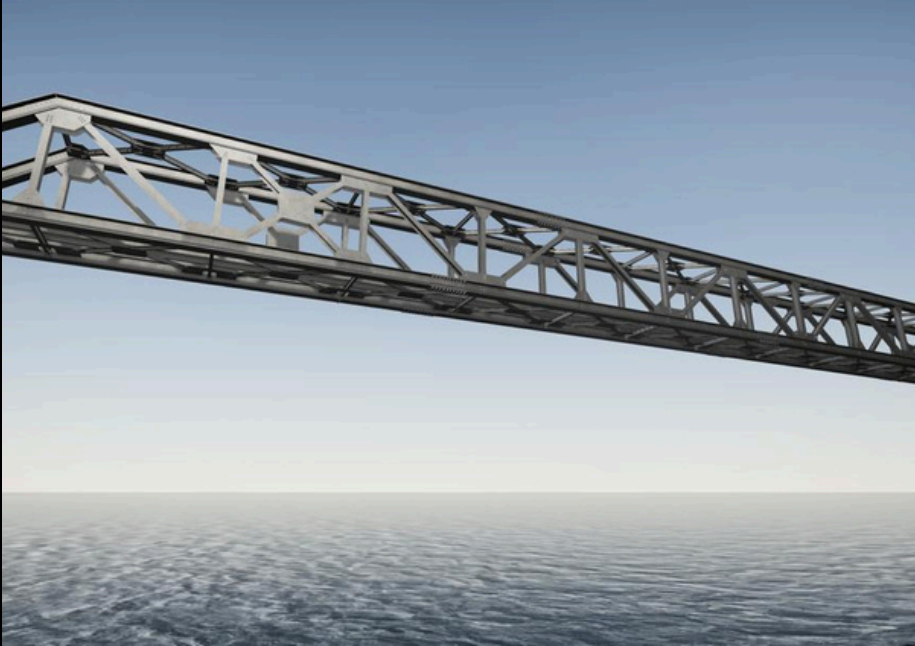

This commercial building embodies a fusion of culinary excellence, vibrant nightlife, and leisurely outdoor experiences. The architecture seamlessly integrates a restaurant on the ground floor, a pulsating night club on the upper level, an expansive outdoor sitout, and a refreshing pool area.

E-JAY'S PROJECT LTD

KEY PERSONNEL PROFILES

Engr. John U. Effiong, B.Eng., M.Eng, R.Eng, M.ASCE (Co-Founder/Managing Partner/ Lead Structural Engineer)

2022- Present

SUMMARY

- Engr. Effiong is a licensed Civil/Structural engineer with quality experience and technical knowledge in design and construction of public infrastructures relating to Structural, Water, and Transportation Engineering.
- Managed various design and construction operations relating to the implementation of 100% of civil engineering works of several projects such as the Adada Dam project in Enugu State, Victoria Integrated Agro Farms and Okehi-Umuola-Omuna road projects in Imo State worth over 5 billion naira.
- Coordinated various structural designs and technical implementations in 15+ residential and commercial buildings in several parts of the Nigeria covering all geopolitical zones.
- Successfully assisted in the planning and implementation of the construction of concrete and steel works (6 bridges, Retaining walls and Culverts) for 3 major rural road projects in Plateau State and 100% completion in record time.
- Experience coordinating research projects with several Scopus-indexed publications relating to fibre reinforced polymer (FRP) composites, sustainable construction, waste to wealth of construction materials, and structural strengthening.

CORE COMPETENCIES

- Construction Project Management
- Ability to do structural analysis and designs utilizing Civil Engineering Design and Drafting software programmes (Abaqus, AutoCAD, Civil3D, Etabs, Orion, ProtaStructures, IdeaStatica and Sap2000)
- Demonstrable knowledge of Industry Standards and Codes (British, American, ISO, DOS, OBO, Eurocodes etc)
- Good working knowledge of MS Office
- Project Procurement.
- Self-motivated, committed team-player, also with the ability to work independently and with a strong pro-active approach to work.
- Quality Assurance and Control
- Material Management
- Good analysis and research skills, efficient record-keeping.
- Detailed and Organized
- Good communication skill
- Data analysis and Programming skills (Python)

PROFESSIONAL EXPERIENCES

East Equip and Co. Ltd, Lagos State

Lead Structural Engineer (Contract), October, 2021 – Till Date

- Provided technical support relating to structural analysis and designs of steel and reinforced concrete infrastructures associated with NPK plant facilities.
- Reviewed technical requirements and proposed sustainable building specifications for all items of work.

Roudo (Nigeria) Limited, Km17 Aba Road, Port Harcourt, Rivers State.

Site Engineer, January, 2019 – May, 2019

- Successfully implemented and Supervised the Construction of Weir Structure associated with Adada River Dam Project in Igbo Etiti L.G.A, Enugu State.
- Reviewed the design of concretes structures (Retaining walls, drains and a culvert) associated with the construction of Adada River Dam and associated works in Enugu State, particularly the Weir Structure.

Asst. Project Manager, May, 2019 – March, 2021

- Managed various project operations relating in designing, coordinating and implementation of 100% of Civil/Structural works (which include reinforced concrete slabs, beams, drains and roads) for the Victoria Integrated Agro Farms Ltd, Ochicha Obike, Ngor Okpala L.G.A, Imo State.
- Coordinated various road rehabilitation operations for Okehi-Umuola-Omuma road in Ngor Okpala L.G.A, Imo State, and Aba-Owerri-Express Road.
- Ensured that all quality standards were consistently met at all levels of construction projects.

Moulds Nigeria Limited, Plot A55 Lamingo Dam Road, Jos, Plateau

Graduate Engineer, December, 2017 – January, 2018

- Provided technical support to the Construction Manager in planning and executing diverse construction tasks related to 4 major road projects in Plateau State and ensured successful outcome in terms of quality, compliance, time frame and budget, while adhering strictly to project specifications.
- Designed and reviewed the design of all concrete and steel works (6 bridges, culverts, and retaining walls) associated with the 3 Major rural road (Fobur, Langkang and Kuba) construction projects in Plateau State.
- Site Inspection of each and every activity to ensure compliance with project specifications.
- Prepared monthly QA/QC reports on construction activities.

Glaze – Design Consultants, No. 2 Ayiridua Street, Idua – Eket, Eket, Akwa Ibom State
Structural Design Engineer (Contract), August, 2016 – Till Date

- Coordination of structural designs and technical implementation in 15+ construction projects.

AG Vision Construction Nig. Ltd, Plot 348 JC Obande Close, Utako District, FCT Abuja.
Industrial Trainee, October 2015 – February, 2016

- Assisted in the monitoring of concrete works for Remediation Works at Ikot Anwatim Gully Erosion in Calabar, Calabar Municipality, Cross River State
- Reviewed technical requirements and proposed sustainable building specifications for all items of work.

EDUCATION

Covenant University, Ota, Ogun State

Master of Engineering (Structural and Materials Engineering) - October 2022

Research Projects:

- Development of Fibre-Reinforced Cementitious Mortar with Mineral Wool and Coconut Fibre
- Experimental And Numerical Assessment of Externally Bonded and Near-Surface Mounted Natural Fibre Composites on Reinforced Concrete Beams
- Strength and Durability Characteristics of Kenaf Fibre Reinforced Self Compacting Concrete.
- Use of Banana Fibres in the Strengthening of Concrete Beams.
- Sustainable constructions and cases of physical infrastructure collapse in Nigeria.

Publications:

- Awoyera, Paul O., Odutuga, O. L., Effiong, J. U., De Jesus Silvera Sarmiento, A., Mortazavi, S. J., & Hu, J. W. (2022). Development of Fibre-Reinforced Cementitious Mortar with Mineral Wool and Coconut Fibre. *Materials*, 15(13), 4520. <https://doi.org/10.3390/ma15134520>

Cross River University of Technology, Calabar, Cross River State.

Bachelor of Engineering (Second Class Honours, Upper Division), April 2017.

UNICAL International Secondary School, Calabar.

West African Senior School Certificate Examination (SSCE) – 2011.

PROFESSIONAL LICENSE / MEMBERSHIP

Civil Engineering Practice License

The Council for the Regulation of Engineering in Nigeria, COREN (Credential ID: RC66588).

Professional Membership – American Society of Civil Engineers (ASCE-SEI)

American Society of Civil Engineers, ASCE (Credential ID: 12323475).

Professional Membership - Structural Engineering Institute (SEI)

American Society of Civil Engineers, ASCE (Credential ID: 12323475) .

HONORS & AWARDS

Best Graduating Master's Degree Student in Programme, M.Eng, Civil Engineering at Covenant University - 2022.

CERTIFICATIONS

- Building Structures and Sustainability (AWI111511) – American Society of Civil Engineers.
- International Project Development and Construction Risk (AWI112114) - American Society of Civil Engineers.
- Whole Building Lifecycle assessment: Quantifying impacts of construction materials - American Society of Civil Engineers.
- Mitigation of Carbon Emissions from Construction Projects (AWI061316) - American Society of Civil Engineers.
- Construction Management: Modular Construction Methods – LinkedIn.
- Agile Project Management with Microsoft Project – LinkedIn.

Engr Etah Boniface E. (M. NICE, M.ASCE, M.NSE, M.NISafetyE). (Co-founder/Construction Manager) 2022- Present

SUMMARY

Engr. Etah is a seasoned Civil Engineer with a remarkable seven-year track record of contributing to the design and construction of diverse civil engineering infrastructures. With a strong foundation in engineering principles and hands-on experience, Etah has played pivotal roles in significant construction projects spanning various states in Nigeria. His core competencies include construction cost planning and evaluation, proficiency in civil engineering software, structural design, and meticulous project management. Etah's commitment to professional excellence, along with his strong analytical and research abilities, make him a valuable asset in the construction industry.

CORE COMPETENCIES

- Construction Cost Planning and Evaluation
- Proficiency in Civil Engineering Software (AutoCAD, RCC, Orion, Civil 3D, Etabs, Civil Soft, ProtaStructure, MS Project, etc.).
- Structural Design to Relevant British and European Standards.
- Construction and Site Supervision.
- Proficient in MS Office.
- Quality Control.
- Detail-Oriented and Organized.
- Self-Motivated Team Player.
- Strong Analytical and Research Skills.
- Effective Communication.
- Interim Payment Certificate (IPC) and Bill of Engineering Measurement and Evaluation (BEME).

PROFESSIONAL EXPERIENCE

Ronchess Global Resources Limited, Kaduna State

Assistant Project Manager/Acting Project Manager May 2023 – Present

- Preparation of site progress reports.
- Valuation of Interim Payment Certificates (IPC).
- Work schedule programming and analysis.
- Supervision and monitoring of design specifications and bill of quantities (BOQ).
- Management and supervision of road reconstruction in Gusau, Zamfara State.

AG Vision Construction Nig. Limited, Abuja Assistant Project Manager, November 2022 – 2023.

- Assisted in project planning and implementation.
- Coordinated the execution of road projects in Adamawa, Anambra, and other locations.
- Prepared work schedules and conducted analysis and designs.
- Tracked and reported project progress.
- Valuation of Interim Payment Certificates (IPC) and Bill of Engineering Measurement and Evaluations (BEME).

E-Jays Project Limited, Lagos State Construction Manager, January 2020 – January 2022

- Managed concrete works for the rehabilitation of Adani rice farm irrigation canals
- Designed and constructed residential and commercial buildings in various states
- Oversaw the construction of a multi-purpose development, the event center in Guzape, FCT Abuja

Sojal Construction Ltd., Cross River State Site Engineer, January 2019 – 2020

- Designed and supervised the construction of internal roads and drainage structures in satellite town estate, Calabar
- Prepared site reports
- Conducted structural design for residential developments
- Designed and constructed RC retaining walls for Petrocross Tank farm, Calabar

Daniel Caleb Project Ltd, Abuja Resident Engineer/Technician, May 2017 - 2018

- Designed and managed the construction of residential building structures in Nasarawa State
- Assisted in planning and construction of pedestrian bridges in FCT Abuja.

Elalan Construction Ltd, Lagos State Industrial Trainee, May 2015 – Nov 2015

- Assisted in the implementation and supervision of an 8-story building construction in Victoria Island, Lagos State

EDUCATION

- **Master of Engineering (Highway and Transportation Engineering) - In View**, Bayero University, Kano (BUK), 2023.
- **Bachelor of Engineering (Second Class Honours, Lower Division)**, Cross River University of Technology, Calabar, July 2018.

ASSOCIATIONS/MEMBERSHIP:

- Graduate Member - Nigerian Society of Engineers (NSE).
- Member of The Council for the Regulation of Engineering in Nigeria (COREN).
- Professional Member American Society of Civil Engineers (M ASCE).
- Member Nigeria Institution of Civil Engineers (MNICE).
- Member of Nigeria Institution of Water Engineers (MNIWE).

PROFESSIONAL CERTIFICATES OBTAINED:

- Geosstructural Investigation for Existing Structures (ASCE Continuing Learning) 2022
- Recycled Materials in Transportation, Geotechnical Material Application (ASCE Continuing Learning) 2022.
- How to Become a Project Manager (ASCE Continuing Learning) 2022

Prof. Obasanmi Richard Foluso (Technical and Business Development Advisor)

Resume

NAME

:

Professor Obasanmi Richard Foluso (BSc, MSc, M.Tech, MBA, FAAPM®, MPM®, CIPM®, PMP®, CPRM®, CPE®, FPMI®, FNSE, FCMC, COREN, FICM FCC A), etc.

DISCIPLINE

Professional/International Research and Development. Training and Management Consultancy in Engineering Infrastructure Design and Development and Program/ Portfolio / Project /Technical /Civil /Structural Engineering Construction and Procurement Management, Heavy Engineering, Design, Build and Supervise; Real Estate/Property Development and Financing, (Planning, Scheduling & Budgeting/Costing), PMO, ICT / Telecommunication, Cost Engineering/Quantity Surveying/Value Engineering/ Oil & Gas/EPC, Aviation, Maritime, Shipping, Smart Homes, etc Shipyard and Dockyard Construction and Renewable Energy, (Construction, Contracting & Consultancy Services), Business Development and Analyst, Entrepreneurship & Intreprenurship, General Contracting, Construction Management, Design-Build, Consulting and Contracting, Real Estate/Property Development. Construction of Roads, Railway, Hotels and sky scrappers.

SPECIAL COMPETENCIES:

- National and international Consultancy Services
- Adaptability, and Building Construction Economics
- Design, Construction and Management of Highrise Tower Buildings
- Engineering Construction and Infrastructure Development
- Construction of Mass Housing and mega Real Estate Development
- Transportation Engineering, Roads and bridges, Tunnel and underground Rail Construction
- Experience in Local and International Research & Development and Construction/Project Management in Aviation, Maritime, Shipping / Real Estate Development and Heavy Engineering
- Engineering Infrastructure Design Development and Supervising Consultant
- Project Development in Maritime, Shipping, Aviation, Real Estate Financing and Stakeholders' Management
- Construction of first class Hotels and sky scrappers.
- Oil & Gas and Renewable Energy
- Quantity Surveying/Engineering Estimation/ Cost Engineering
- Value Engineering, ICT/Telecommunication
- Construction Management

- Building Relationships, Client Centricity and Responsiveness
- Passion for Excellence
- Communication Effectiveness and Problem Solving
- Human Resources Management
- Stakeholder Management / Client Orientation
- Vendor Management
- Business Development
- Project Management, Quality Management
- Contract Management, Financial Management

EXPERIENCE : 25+ Local and International

NATIONALITY : Nigerian

DATE OF BIRTH : 9th August, 1970

EMAIL ADDRESS : richardobasanmi@yahoo.com

TELEPHONE : +2347061048010

RESIDENCE : Abuja, FCT

HIGHEST QUALIFICATIONS : Professorship Emeritus Resource Management, (LGS) Central London
 : PhD Civil/Structural/Building Engineering and Construction / Project Management (Michigan)
 : DSC Engineering Construction and Project Management Southfield, USA.

SUMMARY:

- Knowledge of local and international construction/project management in Real Estate Development, Mass Housing, High rise building both residential and commercial structures, etc.
- Knowledge of local government development approvals processes.
- Knowledge and ability to manage multiples projects at different locations and at the same time
- Knowledge of Business Development and Financial Management
- Knowledge of getting international financiers to fund capital projects
- Knowledge of policies, guidelines and statutory requirements relevant to construction /project management and Real Estate Development.
- Knowledge of best practice in Property Management and Project Development.
- Computer skills including Advanced knowledge of e-mail, internet, word processing and spreadsheet software. icloud and current project management methodologies
- Ability to analyze various Construction methods and project Development, including financial analysis.
- Ability to develop feasible plans and successfully implement the plans.

- Ability to lead large number of teams above 250 direct reporting staff to accomplish goals.
- Ability to work in a fast paced, multi-task environment.
- Ability to deal with diverse stakeholders.
- Good knowledge of Budgeting and cash flow
- Good knowledge of Management Consultancy

INTERNATIONAL EXPERIENCE IN:

1. South Africa – Construction and Engineering Management in Aviation/Maritime and Real Estate
2. Nigeria – Civil Engineering Construction, Project Management/Building Engineering in Shipping, Maritime, Aviation, Heavy Engineering (Road & Bridges Construction Stadium, Airports, etc) and Oil & Gas Engineering Construction.
3. Dubai, Burj Khalifa – Sky Scraper/High Rise Buildings, Hotels, Civil Engineering Construction, Project Management and Real Estate, Infrastructure Design & Development
4. UK – Construction and Project Management in Transportation, Aviation, Maritime and Real Estate
5. Canada – Rosefort Estate, Civil Engineering Construction/Project Management and others
6. USA – NY Civil Engineering Construction and Project Management
7. Beijing Engineering Construction Group (BECG), Civil Engineering Construction; Roads, Bridges, Rail and Tunnel Construction and Real Estate/Property Development

STATE OF THE HEART PROJECTS MANAGED / SUPERVISED AND PARTICIPATED IN:

1. Burj Khalifa Sky Scraper Mixuse 209 storey Building Dubai, UAE
2. Banana Island Ocean Parade Multi storey Buildings Lagos, Nigeria
3. Sun City Estate Johannesburg, South Africa
4. Multi storey Building, Trade Center, Abuja Nigeria
5. Imperial City Mini-Dubai Sky Scraper Mixuse Buildings, FESTAC phase 2, Lagos, Nigeria
6. Construction of largest preforms and caps factory in Africa at Agbara. Ogun, Nigeria
7. 5 Star Highrise Ikeja Hotel, Ikeja, Lagos Nigeria
8. 28-storey Tower mixuse building in Dubai, UAE, etc.

INTERNATIONAL AND NATIONAL CONSULTANCY EXPERIENCE IN

- ✓ Management / Training Consultant
 - ✓ Highrise/Tower Building Construction
 - ✓ Engineering Infrastructure Design, Development & Supervision Consultant
 - ✓ Project Management Consultant
 - ✓ Construction Management Consultant
 - ✓ Real Estate/Property Development, Management and Financing
 - ✓ INGOs and NGOS Consultant
 - ✓ Cost Engineering Consultant
-
- ✓ Oil & Gas onshore and off-shore Consultant

- ✓ Road, Bridges and Railway Engineering Construction Consultant
- ✓ Railway Engineering Construction Consultant (Abuja – Kaduna and Kano Standard G Gauge Railway), Lagos to Ibadan Standard Gauge Railway
- ✓ Port-Harcourt to Maiduguri Eastern Standard and Narrow Gauge Railway Consultant

WORK EXPERIENCE:

FUNGTAI CIVIL ENGINEERING CONSTRUCTION & REAL ESTATE DEVELOPMENT COMPANY , (Civil Engineering Construction & Procurement, Project Development and Management, Real Estate / Property Development and Management, Power and Renewable Energy)

Nairobi Street Wuse II, Abuja, Nigeria.

March 2018 to September 2022.

Managing Director

Summary of Duties:

Oversees business operations and provide strategic leadership, responsibilities include developing and implementing strategic plans and company policies, maintaining an open dialogue with stakeholders, and driving organizational success. Controls and oversees all business operations, people and ventures and responsible for the overall success of the organization.

A strategist and a leader able to steer the company to the most profitable direction while also implementing its vision, mission and long term goals. Very strong crisis management skills.

Main goal is to ensure the company is constantly moving towards fulfilling its short-term and long-term objectives and does not diverge from its strategic guidelines

Responsibilities.

- Provide appropriate leadership and drive to ensure that the objectives of the company are met on a timely basis.
- Developing and executing business strategies to achieve short and long-term goals.
- Reporting to the board, providing market insights and strategic advice.
- Developing and implementing business plans to improve cost-efficiency.
- Maintaining positive and trust-based relations with business partners, shareholders, and authorities.
- Overseeing the company's business operations, financial performance, investments, and ventures.

- Construction of Shipyard and Dock yard in Apapa, Lagos

COLTON ENGINEERING CONSTRUCTION GROUP (CECG) MAJOR CONTACTOR TO UNCDL 2008 to 2012

Managing Director

Summary: The Managing Director oversees business operations and provides strategic leadership. The Managing Director's key responsibilities include developing and implementing strategic plans and company policies, maintaining an open dialogue with stakeholders, a strategist and a leader who will steer the company to the most profitable direction while also implementing its vision, mission and long term goals. Very strong crisis management skills. His goal is to ensure the company is constantly moving towards fulfilling its short-term and long-term objectives and does not diverge from its strategic guidelines and driving organizational success.

Major Duty:

- Managing programs/projects strategies to implementable processes
- Managing implementation of program processes in line with company's strategic goals
- Preparing project/program budgets and Cash flow
- Organizing and deploying project/program resources including human, material and financial in line with project/program schedules and objectives
- Managing relations and correspondence with project/program stakeholders
- Supervising project officers in the collation of quantitative and qualitative project/program data
- Managing project/program related events
- Oversee company's projects locally and internationally
- Effective Supervision of building/civil engineering projects construction
- Ensuring that the design of roads, hydraulic structures and furniture are done in conformity with relevant codes
- Resolving all contractual (foreseen and unforeseen) setback that could impact on project delivery

and to ensure that project timeline is maintained

- Overseeing the quality control of materials both in Laboratory and on the Field (In- Situ Tests)
- Conducting joint site measurements with contractors and evaluating contractor's claims for payment and preparation of payment certificates
- Documentation of all records, Site Instructions, Progress Reports including photographic progress of projects
- Preparation of Tender Documents for Projects to be awarded.
- Assisting in facilitating structured on the job training for subordinates to enhance job performance and productivity
- Managed United Nations Facilities world-wide
- Ensure project officers prepare project schedule with key milestones that will be used to measure the progress of the project
- Collaborate with relevant stakeholders, user department and architects to enable successful delivery of projects
- Take lead role in all implementation related activity/task
- Conduct research to identify and drive continuous improvement initiatives for the team
- Ensure project officers upload project documents on server to enable knowledge sharing
- Ensure sharing of lessons learnt among team/department to effectively help improve work quality of future projects
- Create a fair and efficient performance management system to review team performance especially at the end of major projects
- Drive capacity development and training for team members

Competencies:

- Lead implementation meetings. Develops and implements sustainable business strategies, thinks long term and externally in order to positively shape the organization. Anticipates and perceives the impact and implications of future decisions and activities on other parts of the organization.
- Treats all individuals with respect; responds sensitively to differences and encourages others to do the same. Upholds organizational and ethical norms. Maintains high standards of trustworthiness. Role model for diversity and inclusion.
- Acts as a positive role model contributing to the team spirit. Collaborates and supports the development of others. For people managers only: Acts as positive leadership role model, motivates, directs and inspires others to succeed, utilizing appropriate leadership styles.
- Demonstrates understanding of the impact of own role on all partners and always puts the end beneficiary first. Builds and maintains strong external relationships and is a competent partner for others (if relevant to the role).
- Efficiently establishes an appropriate course of action for self and/or others to accomplish a goal. Actions lead to total task accomplishment through concern for quality in all areas. Sees opportunities and takes the initiative to act on them. Understands that responsible use of resources maximizes our impact on our beneficiaries.
- Open to change and flexible in a fast paced environment. Effectively adapts own approach to suit changing circumstances or requirements. Reflects on experiences and modifies own behaviour. Performance is consistent, even under pressure. Always pursues continuous improvements.
- Evaluates data and courses of action to reach logical, pragmatic decisions. Takes an unbiased, rational approach with calculated risks. Applies innovation and creativity to problem-solving.
- Expresses ideas or facts in a clear, concise and open manner. Communication indicates a consideration for the feelings and needs of others. Actively listens and proactively shares knowledge. Handles conflict effectively, by overcoming differences of opinion and finding common ground.

Functional competencies:

- Development and Operational Effectiveness;
- Focuses on impact and result for the client and responds positively to feedback;
- Ability to liaise with a diverse set of political and technical stakeholders;
- Strong interpersonal skills and the ability to understand and adapt to changing client demands, and priorities;
- Collaborates effectively with an ability to maintain strong working relations with people with sensitivity and respect for diversity;
- Ability to prioritise tasks in the context of a rapidly evolving operational environment;
- Consistently approaches work with energy and a positive, constructive attitude;

- Builds strong relationships with clients and external actors;
- Ability to prioritise tasks in the context of a rapidly evolving operational environment;
- Remains calm, in control and good humoured even under pressure;
- Strong analytical and problem-solving skills and ability to handle a range of stakeholder liaison issues;
- Ability to juggle competing demands and work under pressure of frequent and tight deadlines;
- Takes ownership for all responsibilities and honours commitments;
- Ability to establish and maintain excellent contacts with colleagues, senior government officials, donors and UN agencies;
- Ability to translate technical issues into language that is understandable to client and field personnel;
- Ability to deliver agreed outputs within agreed deadlines. Strong analytical skills;
- Excellent verbal and written communication and networking skills including strong presentation skills;
- Understands the role of technology and business processes and possesses strong computer skills, including database and information management;
- Ability to analyse large quantities of data and synthesize them into salient points for which clear and actionable recommendations can be made;
- Demonstrates openness to change and ability to manage complexities.

- Effective Business Negotiation skills for Business to Business (B2B) as well as Business to Customers (B2C) environments.
- Budget preparations, monitoring and financial prudence management
- Ability to persuade and influence people/ Human Resource Management
- Knowledge of Public Private Partnership and Privately Funded Initiatives.
- Civil Construction and Project Management
- Six Sigma Black Belt and PRINCE 2 and Earned Value Management System Professional

ACHIEVEMENTS

- Spear-head United Nations Professional Team for successful monitoring and coordination of Millennium Development Goals (MDG) Projects in Africa
- Senior Civil Engineering Consultant (Client Representative) Burj Khalifa, Dubai, UAE.
- Award winning and Best Research Student of the year 2010 Doctorate Degree Thesis (DDT)
- Team leader of UNIDO committee in power & energy development for Africa.
- World Bank Best Project Manager of the year 2005
- Managing over 2,500 professionals for the successful completion of Burj Khalifa project in Dubai
- Was among the 49 members of Project Management Institute (PMI) that developed the new standard Earned Value Management Professional (EVMP) in USA.

- Established foreign subsidiaries for Jotna group of companies in UAE.
- Developed Iron Triangle Model for construction project Quality Control
- Best Post Graduate Student of the year 2008 MSBM, UK
- Federal Government Committee Member on Housing and Infrastructure Development in Nigeria Received Federal Government Award on article "Housing for all in the New Millennium" published by Business Day News paper
- Best Engineer of the year by NSE/COREN 2014
- Award winner of Engineering Construction Codes of Practices for Africa.
- Best Consultant of the year NDDC 2015
- Led Japual Infrastructure Services Limited as the best Contractor of the year NDDC 2015/2016

OGUNLARU ADEBOWALE JEFF JOHNSON

(Head of Advisory and Public Sector Engagement)

Adebowale Jeff Johnson is one of the Leading Management Consultants in Africa. He is the first Youth Performance Consultant in the world. Prior to 2023, he has worked in 6 consulting firms with over 23 years working experience. He also worked with several other organisations in different capacity ranging from Human Resource Manager, GM Strategy and Innovation, Business Service Manager, Project Manager, Resource Consultant, Corporate Affairs Manager, and Training Consultant. He is a speaker on National reforms, a Seasoned Adviser and an HR Generalist. He is currently the Managing Director of an Advisory Firm, Purple Prime Limited, with focus on Business Advisory and Public Sector Advisory practices (Private Practice).

In 2005, he joined the Nigeria Economic Summit Group and since played critical roles with the Human Capital Policy Commission. He was involved in several national projects including the Ministry of Education Reform (recommending the return of missionary schools) and the review of the NEEDS document. He was on the team of the Lagos State Ministry of Finance retreat in 2009 and single handedly managed a Team Building retreat for RF Planning and Optimization Unit of MTN Nigeria in 2009. He also facilitated a class on Total Quality Management for the Federal Ministry of Power, Personal Effectiveness for the Ministry of Health, Lagos State and Capacity Development for Local Government Chairmen and members of Local Council Commission of the State of Ondo and has facilitated several training and strategy sessions for Small and Medium scale organisations.

He was involved in the consolidation of UNITY Bank where he played a major role in the HR Due Diligence bit of the project. He has since managed several HR Transformation projects, Large Scale Recruitment (NNPC, NLNG, Mobil, GTBank, etc.) and other Management project for big, medium and small-scale businesses.

He recently implemented an enterprise transformation for JB Farms and Tosett Agro Industries Limited and was also the Lead Consultant (Project Manager) for the State of Osun's School Administrator selection for the 11 new model schools across the State. He is currently handling Street Sweeping Audit and digital transformation project for LAWMA.

Debo's interest in Real Estate research and advisory has given several opportunities to advise investors/promoters on their projects. Starting from market research, feasibility study report, concept design, business plan and generating Info Memos for fund raising; development advisory and project management up to channeling the properties to sales/rentals. His experience cuts across commercial, residential and mixed used development and recently hubs.

He has spoken at several university campuses including University of Lagos, University of Ibadan, University of Ilorin, Federal University of Technology Minna, Olabisi Onabanjo University Ago-Iwoye all in Nigeria and Houdegbe North American University, Benin Republic. He is a teacher of Value, a writer and a seasoned orator. He had been on radio several times

speaking on several work related issues and motivation. He held a page on TIMELESS magazine where he educates on several soft skills issues and business advisory.

With the passion to make the youths of Nigeria and Africa become great Leaders of the world, Adebowale Jeff Johnson embarked on an African tour to engage the African youths in Leadership training, Root appreciation and Value driven life. His first stop was Benin Republic, in July 2009, in collaboration with GPH of Houdegbe North American University.

PROFESSIONAL EXPERIENCE

Architectural Designer I Populous Ltd

London, United Kingdom - June 2023 - Present

- Produced Stage 4 Design packages for Fire Protection and detailing, Acoustic
- Insulation and detailing, Wall Types and Wall setting out plans for 3+ Commercial
- Projects in Saudi Arabia and the United Kingdom
- Specified Materials and building components for design elements making sure
- they meet specified Design Code Requirement while collaborating with External
- Consultants and Sub-contractor
- Carried out design briefing and presentation for 3+ Design project to the Firm's Global Board, Client representatives as well as external consultants.
- Organized and held co-ordination meetings with internal and external BIM consultants ensuring Design model is coordinated amongst disciplines.
- Carried out QA Checks for 10+ Design packages for Stage 4 Submission for 2+ Commercial projects, ensuring they pass 100 percent approval under strict deadlines and building codes in 2+ Locations

Architectural Assistant I Zaha-Hadid Architects

London, United Kingdom - July 2022 - September 2022

- Completed Massing Studies as well as Program Distribution for Tower projects in 4+ Locations
- Reviewed Facade Studies for 3+ commercial projects considering environmental, structural and aesthetic implications.
- Carried out Site plan Studies and Building Location analysis to ensure best project location within site.
- Prepared Design reports and concept diagrams for 3+ International Competition Projects in China, Saudi and Hong-kong.
- Developed Tower core analysis and visibility analysis utilizing Grasshopper and Rhinoceros

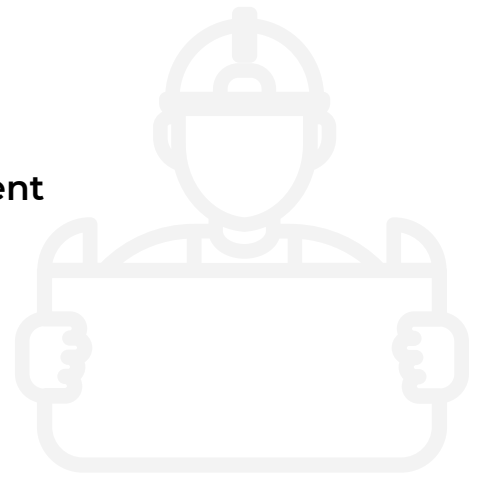

EDUCATION

Masters Applied Design in Architecture (MArchD), RIBA II

Oxford Brookes University, Oxford, United Kingdom, 2023.

Bachelor of Architecture (Upper Division)

Cross River University of Technology, Cross River State, Nigeria.

SKILLS

Proficient: AutoCAD, ArchiCAD, Revit, Lumion 3D, Rhino 3D, Adobe Photoshop, Microsoft Office

Intermediate: Vray, Adobe Premiere Pro, Adobe After Effects, Adobe Indesign, Microsoft Project

Fabrication: Model Making, Laser Cutting, CNC Milling, 3D Printing, Painting, Hand Sketching

Other: Design Research, Project Management, Team Coordination, Cost Estimation, Material Management/Inventory.

Aluko Olalekan Micheal (Project Management Officer) 2022- Present

SUMMARY

Results-driven mechanical engineer with a proven track record of successfully managing projects

across diverse industries from conception to completion. Skilled in design, analysis, and optimization of mechanical systems, coupled with expertise in project management methodologies. Strong ability to lead cross-functional teams, deliver projects on time and within budget, and drive continuous improvement initiatives. Ready to leverage technical expertise to drive forward-thinking initiatives.

CORE COMPETENCE

- Project Planning and Scheduling
- Engineering Design
- Jira
- AutoCAD & Autodesk
- Advanced Steel Software Knowledge
- CEASER and SACS
- HSE (Levels 1 & 2)
- Pipeline Design and Calculation
- Just In Time (JIT) Strategy Analysis
- Agile Project Mgt.
- Budgeting and Cost Management
- Risk Management
- MS Office Proficiency
- Strong Data Communication

PROFESSIONAL EXPERIENCE

Project Executive, Sujimoto Construction Limited

Lagos, Jan 2024 – Date

- Oversee and implement project plans, strategies, and timelines in collaboration with senior management across diverse sectors including construction, fintech and hospitality.
- Oversee project execution, ensuring adherence to scope, budget, and timeline with engineering expertise and project management methodologies.
- Coordinate with cross-functional teams, stakeholders, and clients to effectively meet project objectives.
- Provide leadership and guidance to project teams, including assigning tasks, monitoring progress, and resolving issues.
- Conduct regular project status meetings and prepare reports for senior management and stakeholders.

- Manage project risks and issues and implement mitigation strategies as needed.
- Monitor project budget and expenses, and ensure financial goals are met.
- Drive continuous improvement and implement best practices in project management and engineering processes.
- Handle project documentation and maintain accurate records throughout the project lifecycle.
- Stay informed about industry trends and best practices in project management and apply relevant knowledge to projects.
- Uphold ethical standards and promote a culture of integrity and professionalism within the organisation.

**Head of Operations - Fir-Gazelle Nigeria Limited,
Lagos. Dec 2022 – May 2023**

- Developed impactful business strategy with the executive team, guiding organizational goals.
- Implemented policies aligned with strategic vision, creating a cohesive operational framework.
- Optimized workflows and performance standards through efficient process implementation.
- Ensured meticulous compliance with local and international laws, safeguarding legal standing.
- Oversaw successful technology implementation, improving efficiency by 30%.

**Project Manager, Fir-Gazelle Nigeria Limited,
Lagos. Dec 2020 – Dec 2022**

- Spearheaded procurement and vendor management initiatives, achieving a 15% cost reduction through strategic sourcing and negotiation strategies.
- Managed general administration duties, maintaining meticulous records, and preparing accurate cost and inventory reports to streamline operations.
- Investigated on-site problems such as damages and accidents, implementing preventive measures that reduced project delays by 20%.
- Resolved customer complaints promptly, maintaining high satisfaction levels and fostering customer loyalty.
- Proactively engaged with potential customers, cultivating relationships that expanded the client base by 25%.
- Identified profit-enhancing opportunities and implemented strategic initiatives, resulting in a 30% increase in overall project profitability.
- Cultivated positive customer relationships, enhancing the company's reputation for reliability and customer-centric service delivery.
- Implemented effective cost management strategies, achieving a 10% reduction in project expenditures.
- Successfully managed major projects, ensuring timely completion, adherence to quality standards, and overall client satisfaction.

**Junior Project Manager - Xplorgeo Project Solutions Limited,
Lagos, JAN 2017 – DEC 2019.**

- Executed pipeline design tasks, ensuring adherence to project specifications with precision and efficiency.
- Developed detailed piping and instrumentation diagrams, along with process flow diagrams, to enhance project comprehension.
- Utilized 3D modeling software like Advanced Steel and AutoCAD 3D for accurate pipe routing and modeling.
- Managed field inventory and maintained organized storekeeping systems to support seamless project operations.
- Conducted thorough inspections of pipe fitting and welding processes at fabrication yards, ensuring standards were met with a 98% adherence rate.
- Utilized CEASER and SACS software for structural analysis, achieving a 95% accuracy rate in assessing project component integrity and stability.
- Played a key role in the successful hydro-test of the fabricated inlet manifold for the EKULAMA 1 project, contributing to project success and achieving 100% client satisfaction.

**Graduate Trainee (NYSC) - Candid Oil Services Nigeria Ltd,
Lagos, JUL 2017 – JUN 2018.**

- Conducted pipeline inspections for safety compliance.
- Received comprehensive oil servicing training, acquiring valuable skills.
- Compiled detailed reports and managed data for decision-making.
- Gained practical insights into oil and gas operations.
- Improved operational strategies by 20% through data analysis.
- Developed strong problem-solving skills with a 15% increase in efficiency.

**Internship (ENGINEERING UNIT) - Chevron Nigeria Ltd,
Lagos, JUL 2015 – NOV 2015.**

EDUCATION

Industrial and Production Engineering-MEng Distinction
Covenant University – 2022

Mechanical Engineering – BSc.
University of Lagos - 2016

SKILLS

- Team Leadership
- Stakeholder Mgt.
- Problem-solving
- Decision-making
- Quality Management
- Change Management
- Resource Allocation and Management
- Time Management and Prioritization
- Data Analysis
- Report Writing
- Business Analysis

TRAININGS

- **PMP Certification** - PMI – APR 2024
- **Data Analysis** - March 2024
- **AutoCAD Design Software** - March 2024
- **Facility Management**- Feb 2024
- **Project Management** - Nov 2022
- **HSE (1&2)** - Sept. 2014

ESTHER UDUAK EFFIONG (Head of Finance) 2022 - Present

+234 816 003 6007

esther.effiongex@gmail.com

Km 10, Idiroko Road, Ota, Ogun State

CAREER SUMMARY:

I am an MBA Finance candidate driven by my cross-functional passion in finance and social entrepreneurship to achieve global social impact. My six years practical experience includes serving as a Communications Lead, Finance Director at Street Priests Inc., where I was responsible for managing financial operations, and ensuring compliance with regulations and industry best practices and Finance Manager at Erupt Art Inc., where I managed the online accounting function and collaborate with the executive team to successfully execute marketing campaigns and initiatives. With strong communication, analytical, and problem-solving skills, I am committed to delivering high-quality work and contributing to the success of any organization I am a part of..

WORK EXPERIENCE:

Student Staff

Hebron Startup Lab - Covenant University (Ogun State, Nigeria)

April 2024 - Date

- Developing content for book publishing.
- Planning and executing events, seminars and workshops in partnership with external organizations.
- Volunteering at event

Finance Director

Street Priests Inc. (Cross River, Nigeria)

June 2020 - July 2023

- Developing and maintaining Street Priests' budget, forecasting cash flow and financial performance, and ensuring that financial targets are met.
- Preparing financial statements, managing audits, and ensuring all financial records are accurate and up-to-date; ready to be presented to the board, donors, and other stakeholders.
- Collaborating with the partnership and fundraising team to develop and execute fundraising campaigns and events.
- Developing and implementing financial policies and procedures to ensure compliance with regulations and best practices.

Finance Manager

Erupt Art Inc (Delaware, USA)

June 2020 - November 2020

- Managing the online accounting function, ensuring accurate and timely processing of financial transactions.
- Collaborating with the executive team to develop and execute campaigns and marketing initiatives to increase engagement and awareness around the globe.
- Ensuring compliance with tax regulations and managing tax planning strategies.
- Ensuring all Erupt's financial operations are efficient, effective, and compliant with applicable regulations, including overseeing accounting, financial reporting, and internal controls.

Communications Lead

Street Priests Inc. (Cross River, Nigeria)

January 2020 - June 2020

- Developed and executed internal and external communication strategies.
- Created and curated content for various communication channels, including social media, email newsletters, SMS, and official letters.
- Managed Partners database and drafted pitches and proposals for partnerships and sponsorship requests.
- Developed and maintained relationships with partners, stakeholders, and donors to strengthen the organization's support network.
- Collaborated with other departments and teams within Street Priests Inc. to ensure that communication efforts are aligned with the organization's overall objectives.

EDUCATION/CERTIFICATIONS:

2023 | Covenant University (completing in 2025)

Master of Business Administration (MBA Finance)

2021 | Cross River University of Technology

Bachelor of science (BSc.) Accountancy. Second Class (Upper Division).

2019 | DIO Educational Consulting

Certificate of Proficiency - QuickBooks Accounting and Business Enterprise Software

2020 | Lyd Brand

Professional Diploma - Graphics Design

Eyo Medaraobong (Architectural Designer)

E-Jay's Project Ltd 2023 - Present

SUMMARY

Medaraobong is an architect, driven by strong passion for cutting-edge design and innovative problem-solving. He thrives in dynamic environments, which value diverse perspectives and attention to details. His professional goal is to impact projects that redefine our environment and enrich lives.

PROFESSIONAL EXPERIENCES

Federal Ministry of Works, Power and Housing, Abuja

Intern Architect May – Aug 2018 , May-Aug 2019

- Gained proficiency in BIM software, particularly Revit, and visualization tools like Photoshop and
- Dimension 5 Render.
- Actively participated in site visits and supervision, developed skills in meticulous attention to detail and effective team management to ensure seamless on-site operations.

Messrs Allied Designer, Lagos

Drafter/3D Visualizer Jan 2022 – Mar 2023

- Collaborated with other team members in the design and visualizations for various modern residential and commercial projects

EDUCATION

Covenant University, Ota, Ogun State

- Master of Architecture - July 2023
- Bachelor of Architecture (Second Class Honours, Upper Division), Oct 2021

Skill

- Autodesk Revit
- Autodesk AutoCAD
- Sketchup
- Adobe Illustrator
- Adobe Indesign
- Adobe Photoshop
- Adobe Premier Pro
- Davinci Resolve
- Dimension 5 Render
- Enscape

AJEWOLE OLALEKAN BENJAMIN (B. Tech, MNIQS, RQS) (Quantity Surveyor) 2022 - Present

Strengths

Excellent oral and written communication and interpretation skills.
Self-motivated and with a passion for achieving excellence in any
in any area of responsibility.
Good analytical skills and ability to work under minimal supervision.
Knowledge of computer application packages.
Proactive, objective and competent manager of people and resources.

Objectives

"To acquire professional work experience in a challenging work environment that provides for individual development, skill acquisition and opportunity to contribute to the corporate goals and aspirations."

Summary of Experience:

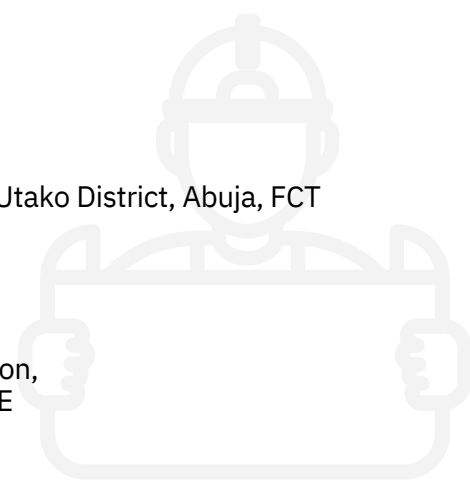

"I have had considerable working experience in the areas of; Site Administration, Project Budgeting, Cost Control, Quality Control, Preparation of Variation and final Certificate for Building works, Preparation of Bill of Engineering for Measurement and Evaluation (BEME), Preparation of Material schedule for building and road works, Preparation of Interim and Final Statement for Road Works, Preparation of Variation on Project for Road Works, Market Surveying, Project Administration"

(Site Engineer) 2023 - Present

Punctual Professional Civil Engineer with over 10 years of work experience, vastly experienced in engineering design from conceptual stage to execution. Supervises others, and have actively involved in project planning, risk management and cost management. Skilled at analyzing and interpreting information, have vast knowledge on the usage and handling of a large variety of survey equipments including differential GPS total station etc. Deadline driven, work under tight schedules and limited budgets to achieve results. Well-versed in coordination and managing civil engineering projects and operation of design software.

Work History

2021-Current

Head of Technical Department

A G VISION NIG LTD

- Prepared cost estimate, schedules and project specification for proposal.
- Drafted new and updated design using Auto cad civil 3D.
- Supervised a number of employees throughout design and execution of Isuofia internal roads and Ekwulobia Fly-over bridge in Anambra State.
- Interact with State and local agencies concerning compliance with codes and regulations.

2018-2021

Supervising Engineer/Head of Survey

Cross River Infrastructural Development Agency (INFRACROSS) Calabar.

- Prepared cost estimate, schedules and project specification for proposal.
- Interact with State and local agencies concerning compliance with codes and regulations.
- Monitored project progress, ensuring conformance to design specification and safety standards.
- Drafted new and updated design using Auto cad civil 3D.
- Supervised a number of employees throughout design and execution of super highway project and Tinapa-Odukpani dualization works.
- Oversaw quality control and health and safety matters for construction team. Prepare Bill of Quantities and Certificates for Payment.

2013-10 –
2016-04

Site Engineer/Surveyor

Bougues Construction Nigeria Limited (BNL) Calabar Cross River State

- Used Microsoft Excel to keep detailed records of daily progress, incident and issue resolutions.
- Monitoring team of over twenty personnel during construction activities for compliance with health and safety requirements.
- Prepared diagrams and chart showing setting out information, job location and project scopes.
- Ordered and tracked delivery of construction materials and supplies from vendors.
- Supervised and monitored daily task of over seven subcontractors.

2012-01-
2014-08

Head of Survey Unit

Zenith Construction Limited, Calabar, Cross River State.

- Carried out all setting out of roads, bridges, culverts, drains and catch pits works accurately and efficiently

2010-2011

Resident Engineer

Status Associate Consulting Engineering, Calabar.

- Ensure material test are conducted and analyzed at every phase of work, to meet specification and requirement.
- Conferred with stakeholders and supervisors on project progress and explained setbacks to minimize worry and secure project funding.

Software

Civil 3D 2019

AutoCAD 2019

Orion 2019

Civil CAD

- Followed up with external contractor, project owners and others stakeholders, to gather information and resolve issues
- Altered and modify design to meet requirements and eliminate malfunctions

Education

2012-01 - 2017-11	B.eng Civil Engineering Cross River University of Technology, - Calabar
2009-01 - 2010-12	National Diploma in Civil Engineering Nigeria Army Institute Of Technology, - Makurdi
2007-09 – 2008-07	Senior Secondary Certificate Examination St. Catherine Collage – Ogoja
1994-01 – 2000-07	First School Leaving Certificate City Kids Nursery and Primary School – Ogoja

Certifications

2023-04	Certified [Council of Regulation of Engineering Nigeria (COREN) (Reg. R70968)
2024-04	Certified [Health Safety and Environment I, II & III]. [NOVELL] (closely in view)

Accomplishments

- Principal team member in construction of Ekwulobia fly-over bridge with AG Vision Nig Ltd.
- Principal team member, in the design and execution of Tinapa-Odukpana dualization work. – Calabar, with INFRACROSS
- Design team member for Cross River Super Highway under INFRACROSS
- Documented and resolved issues, which led to the timely completion of Calabar International Convention Center [CICC] with Bougues construction.
- Setting out and supervision for the construction of a landing jetty in Iffiang at Bakassi LGA and completion of 8km road with drains in Akpabuyo under Zenith construction company.
- Supervision to completion of 10km rural roads with drains within Ogoja LGA under Status Associate Consultant.

PROFESSIONAL SUMMARY

Proficient and ambitious Construction Project Manager with strong Civil Engineering background with More than Ten (10) years professional practice/experience in civil engineering works, construction, humanitarian and procurement related activities. Highly skilled researcher with passion towards adding value to organization, serving humanity and to develop capacity for nation building.

SKILLS

- ☐ Excellent use, trained and certified in Microsoft (Word, Excel & Project), AutoCAD (working drawings), Epanet, Orion, Ashtoware ME softwares.
- ☐ Outstanding web researcher.
- ☐ Proven Leadership and team-building skills.
- ☐ Excellent training and facilitation skills
- ☐ Knowledge of the theories, principles and methods in key areas of Construction
- ☐ Effective communication and reporting skills.
- ☐ Ability to identify learning points, formulate strategies and scale up concepts
- ☐ Project Management systems & controls
- ☐ Budget planning, tracking and control
- ☐ Contract administration and valuation

EXPERIENCE

JPATEL AND SONS NIGERIA LIMITED

PROJECT MANAGER

(2018- TILL DATE)

RESPONSIBILITIES/ ACHIEVEMENTS:

- ☐ Part of team conducting construction project coordination, preparation and evaluation; conduct of financial analysis and budget reviews. Preparation of request for proposal, bidding document, contract document and material specification guide for projects. Team leader assessment and preparation of schedule of dilapidation for corrective or preventive maintenance for JP buildings, facilities. Housing, road network and drainages. Design and/or review with supervision of engineering projects most especially in the Areas of Highway/Road Engineering and Construction Field. Design, construction and supervision of drainage structures (Drains and Culverts). Estimate and management of the site Making sure the drainage are being done according to design Ensures the implementation of agreed works by ensuring that projects/programs are conceptually, technically and environmentally sound; prepare cost estimates; suggest possible financing arrangements and capacity of determine vendor/contractor towards execution of projects. Preparation of Bill of Quantities and take offs for project assign to, monitoring and evaluation of construction works, procurement to prepare variation or change orders.

Dear Sir,

NOTIFICATION OF FULL REGISTRATION

This is to certify that you have fulfilled all the conditions prescribed by the Council for the Regulation of Engineering in Nigeria, **COREN**, as a statutory regulatory organ of government as established under the provisions of Engineers (Registration, etc.) ACT No. 3, 2018 (as Amended).

2. Accordingly, your name has been entered in the Council's Register as a Fully Registered Engineer, in the field of **Civil** Engineering Practice.
3. **Your Registration Number is R70968.**
4. You are entitled to use the prefix **Engr.** before your name.
5. You will be notified via your email when your certificate of registration is ready for collection.
6. An official receipt of payment of your registration, issuance of certificate, iron seal and security seal in the sum of N63,000.00 (Sixty Three Thousand Naira) has been collected by you. Note that your security seal expires by 31st December of every year and has to be renewed latest January 31st of the new year.
7. In any future correspondence with the Council, please quote your registration Number.

Yours Faithfully,

Engr. Prof. Adisa, A. Bello FNSE, FAEng, FNIMechE

SUMMARY

OUR STRENGTHS:

- **Innovation:** We embrace innovation, pushing the boundaries of design and construction to deliver cutting-edge solutions for our clients.
- **Quality:** We maintain an unwavering commitment to excellence, ensuring that every project we undertake meets the highest standards of quality and craftsmanship.
- **Collaboration:** Our collaborative approach fosters open communication and teamwork, both internally and with clients, resulting in successful partnerships.
- **Technical Expertise:** We bring technical proficiency to the forefront, combining creative design with precise engineering and construction expertise.
- **Client-Centric:** Clients are at the heart of our operations, and we tailor our services to meet their unique needs and aspirations.

OUR VALUES:

- **Innovation:** We believe in pushing the boundaries of creativity and technology to deliver innovative and unique solutions.
- **Quality:** We uphold the highest standards of quality in every project, ensuring that our work stands the test of time.
- **Integrity:** We operate with integrity, transparency, and ethical conduct in all our interactions.
- **Collaboration:** Collaboration is at our core, and we value open communication, teamwork, and partnerships.
- **Client-Centric:** We prioritize our clients' needs and goals, delivering personalized solutions and exceeding expectations.

At E-Jays Project, we are not just builders; we are creators, collaborators, and innovators. Our strengths and values guide every aspect of our work, ensuring that we deliver exceptional results and build lasting relationships with our clients and partners.

E-JAY'S PROJECT LTD

Ready to Transform Your Vision into Reality?

At E-Jays project Limited, we're here to bring your dreams to life. Whether you have a design concept waiting to be realized, a construction project that needs expert handling, or require consultancy to navigate complex challenges, we're ready to partner with you.

Contact Us Today

Let's embark on a journey of creativity, innovation, and excellence together. Get in touch with our team of experts to discuss your project and explore how we can make it a resounding success.

WE LOOK FORWARD TO TURNING YOUR IDEAS INTO EXTRAORDINARY REALITIES.
